Note1: Text in italic placed on a wire doesn't correspond to net name. It just helps to identify rapidly MCU IO related to this wire.  
Note2: R23 was added to choose I2C address from Version A.1 to B.1  
Note3: R9 was changed to pull up from Version A.1 to B.1

## STMicroelectronics

Title: 4.3 inch LCD board

Number: MB1046 Rev: B.1(PCB.SCH) Date: 6/7/2013 Sheet 1 of 1
